In the Merage School, the Faculty Executive Committee acts as an advisory body to the Dean on administrative and policy matters in the school. Specialized committees (for example the MBA program committee) handle topics more directly within the purview of the faculty, for example, curriculum.

The faculty executive committee met with the deans and senior staffers roughly once a month. We discussed a wide variety of issues including:

- the move to a digital focus for the school
- the addition of new one year MBA programs
- the implementation of course scheduling and other matters related to courses
- the American Association of Colleges of Business’s visit and recommendations
- faculty recruitment
- and diverse other matters.
