The Committee on Rules and Jurisdiction, as charged in Irvine Bylaw 125, reviewed legislation to be presented for action to the Divisional Senate Assembly to verify conformity with the format and content of the Code of the Academic Senate and advised the Division, its Officers, Committees, Faculties, and members in matters of organization, jurisdiction, and interpretation of legislation of the Academic Senate and its agencies. The committee conducted its reviews electronically.

I. Irvine Bylaws:
   a. Bylaws 180 and 183. Selection of Divisional Officers and Selection of Other Standing Committees
      The modifications reduced the required amount of time the Committee on Committees (COC) had to circulate the slate for Chair-Elect and slate of council appointees to Senate members (as the slate is communicated electronically) and made consistent all timelines regarding COC Elections.
      CRJ completed its review of the proposed modifications to Bylaws 180 and 183 on February 20, 2018.
      The Divisional Senate Assembly approved the modifications on May 3, 2018.
   b. Bylaw 85. Educational Policy (Undergraduate), Council on
      The modifications incorporated the general charges of the current Assessment Committee into the Subcommittee on Policy (which was renamed the Subcommittee on Policy and Assessment). The Assessment Committee was formed in 2010 as a temporary committee in response to requests from the accrediting agency, Western Association of Schools and Colleges (WASC).
      CRJ completed its review of the proposed modifications to Bylaw 85 on April 12, 2018.
      The Divisional Senate Assembly approved the modifications on May 3, 2018.
   c. Bylaw 90. Equity and Inclusion, Council on
      The proposal to establish Bylaw 90 was made in response to the recommendations generated by an ad hoc committee convened in April 2018 to develop a charge for a Senate standing committee on diversity.
      CRJ completed its review of the proposed new Bylaw 90 on June 7, 2018.
      The Divisional Senate Assembly approved the proposed bylaw on June 7, 2018.
   d. Bylaw 40. Faculties
      (and Regulation 605. Francisco J. Ayala School of Biological Sciences)
      The changes were conforming changes; removing the “Francisco J. Alaya” name would make the language at the systemwide and divisional level consistent (Standing Order 110.1 does not list the Ayala name in the title of the School of Biological Sciences). The changes also included a revision to reflect the new school name for the College of Health Sciences (which completed divisional
review and received UC President approval 2/16/2018 to be changed to the Susan and Henry Samuei College of Health Sciences). CRJ completed its review of the proposed modifications to Bylaw 40 and Regulation 605 on July 26, 2018. The Academic Senate Cabinet and Divisional Senate Assembly have not yet reviewed the proposed changes.

II. Irvine Regulations:
   a. Regulation 520. General Education Requirements
      The modifications resolved the following typographical/omission error: the regulation does not note that courses that satisfy both “Quantitative Literacy” and another GE requirement need not carry an increase in units.
      CRJ completed its review of the proposed modifications to Regulation 520 on October 31, 2017.
      The Divisional Senate Assembly approved the modifications on December 7, 2017.

   b. Regulation 605. Francisco J. Ayala School of Biological Sciences (and Bylaw 40. Faculties)
      The proposed changes to Regulation 605 were included in the Bylaw 40 conforming changes proposal. The changes specific to Regulation 605 removed the “Francisco J. Alaya” name from the School of Biological Sciences.
      As noted in the “Irvine Bylaws” section continued from the previous page, CRJ completed its review of the proposed modifications to Regulation 605 (and Bylaw 40) on July 26, 2018.
      The Academic Senate Cabinet and Divisional Senate Assembly have not yet reviewed the proposed changes.

III. Irvine Senate Manual Appendices:
   a. Appendix I. Bylaws of the Faculties, Chapter VI: School of Humanities Bylaws
      The modifications to the School of Humanities bylaws clarified language and loosened restrictions, allowing two members from the same department to sit on the Humanities Executive Committee.
      CRJ completed its review of the proposed modifications to Appendix I, Chapter VI on October 25, 2017.
      The modified School of Humanities’ bylaws were incorporated into the Irvine Senate Manual on December 7, 2017.

   b. Appendix I. Bylaws of the Faculties, Chapter X: School of Social Ecology Bylaws
      The modifications to the School of Social Ecology more accurately defined membership, officers and meetings of the Faculty and the Executive Committee, as well as built infrastructure for the Executive Committee and the Faculty Chair to have more consistent influence within the School and the University.
      CRJ completed its review of the proposed modifications to Appendix I, Chapter X on April 23, 2018.
The modified School of Social Ecology’s bylaws were incorporated into the Irvine Senate Manual on May 3, 2018.

c. Appendix IV. Divisional Senate Assembly Scale of Apportionment
Appendix IV (Divisional Senate Assembly Scale of Apportionment) is updated every five years to reflect current Senate membership.
CRJ completed its review of the proposed modifications to Appendix IV on May 1, 2018.
The Divisional Senate Assembly approved the modifications on June 7, 2018.

IV. Carry-forward Items for 2018-19:
a. Bylaw 35. Committees
The proposed modifications to Bylaw 35 describe the eligibility of faculty with administrative titles to serve on Senate committees/councils/boards.

Last reviewed by CRJ on May 4, 2018.

b. Appendix II. Student Academic Grievance Procedures Relating to Non Discrimination
The proposed modifications aim to provide clarity in the steps and stages of the grade appeals process and its defined terms, to include references to the Faculty Code of Conduct, greater flexibility in timelines, and Graduate Council representation on UCI Grievance Panels.

Last reviewed by CRJ on August 23, 2018.

c. School Name Changes
(could further impact Bylaw 40, as well as Regulations 600, 607, and 615)
Upon reviewing the proposed changes to Bylaw 40. Faculties (related to the removal of the “Francisco J. Alaya” name from the School of Biological Sciences and the addition of the “Susan and Henry Samueli” names to the College of Health Sciences), questions arose about the following school names:
- Claire Trevor School of the Arts
- The Paul Merage School of Business
- Donald Bren School of Information and Computer Sciences
- The Henry Samueli School of Engineering
If any of the schools’ prepended names (i.e. “Donald Bren”) were not formally approved in a manner consistent with the existing review procedures at the time they were changed, they should be removed from the Irvine Senate Manual. Any of the schools wishing to retain prepended names should initiate the formal process to obtain approval. Additionally, consideration should be given as to whether the prefix “The” ought be included in the school names for the schools of Business and Engineering.

d. Conforming Changes to Appendix IX. List of Current UCI Academic Undergraduate and Graduate Degrees
Appendix IX is to be updated yearly to reflect the current list of undergraduate and graduate degrees offered by UCI. The degrees listed in Appendix IX and UCI’s General Catalog (released prior to the start of each Fall Quarter) should align.

2017-18 Committee on Rules of Jurisdiction
Dan Hirschberg, Information & Computer Sciences, Chair
Kevork Abazajian, Physical Sciences
Scott Atwood, Biological Sciences
Scott Bartell, Health Sciences (Public Health)
Jonathan Glater, Law
Elizabeth Bennett, University Registrar, Ex Officio
Laura Gnesda, Committee Analyst
