SENATE FACULTY

Re: Update on Student Teaching Evaluations in Review Files

The requirement to include teaching evaluations in Academic Personnel review files will resume for all teaching titles, for all classes taught during or after Winter quarter 2021. The evaluations will still have the COVID remote instruction quarter watermark for Winter quarter 2021 and Spring quarter 2021.

Faculty are encouraged to provide context for their online teaching activities and performance in their reflective teaching statements.

Sincerely,

Diane K. O'Dowd
Vice Provost, Academic Personnel

Lee Swindlehurst
Chair, Council on Academic Personnel
