

University of California, Irvine Student Information System (SIS)

Divisional Senate Assembly

March 8, 2018

OUR OBJECTIVE

Replace legacy systems and provide foundation for positive student service experience

SIS WILL SERVE

STAFF

STUDENTS

FACULTY

GOALS

- Integrated data
- Tightly coupled administrative system
- Ensure future system sustainability
- Sustain and improve student service

PROJECT STATS

- 160 staff including consulting partners, engaged on the project
- 350 Business Processes Re-Designed
- 1.2 million “general person” records (students and applicants), dating back 50 years, migrating to Banner
- Technical objects being developed:
 - 52 System Integrations
 - 180 Reports
 - 35 Customizations
 - 27 Workflows

CORE CAMPUS UNITS INVOLVED

- **UNDERGRADUATE ADMISSIONS**
- **FINANCIAL AID**
- **REGISTRAR**
- **GRADUATE DIVISION**
- **ACCOUNTING - FINANCIAL SERVICES**
- **SUMMER SESSION**
- **OFFICE OF INFORMATION TECHNOLOGY**

Finish the Student Systems Implementation

Now – 7/2018

Over 4 months of testing ahead...
Sign-off on Ellucian Banner delivery

Transition, Training Preparation with Campus Engagement

Approx. 2/2018 – 3/2020

- Preparation of trainers and materials
- Campus engagement
- Training on Grad Slate

Go-Lives

9/2018 – 7/2020

- Deliver campus training in advance of relevant go-lives
- Communications on Business Process changes
- Transition from Legacy to SIS
 - Technical/systems
 - Future state business processes
- Technical Go-Live Cut-overs

Graduate Division

- New Student Recruiting, Application and Admissions System: Slate
 - Slate is currently being used for student outreach and recruitment efforts
 - Students will apply for the Fall 2019 term beginning September 2018
 - All academic and administrative review will occur in Slate
- Graduate Degree Conferral Process is transitioning to an automated degree audit system: DegreeWorks

Records and Registration

- Classroom Scheduling
 - Build of classroom schedule for Fall 2019 starts December 2018
 - Business process is largely the same with an additional month for go-live
- Enrollment
 - Enrollment for Fall 2019 begins April 2019 for continuing students
 - Class and grade rosters
 - Functionality is largely the same; photos and randomized seating charts may be less flexible at go-live than current state
 - EEE/Canvas grade integration will be used for Self-Service Banner grade entry and submission
 - Articulation of transfer work and academic placement exams
 - Prerequisites and wait lists
 - Additional week for enrollment and advising

Supporting Student Success

Objectives:

- Serve as an important vehicle to facilitate communications regarding the project
- Seek feedback, questions and concerns based on current project status
- Serve as advocates for the project and constituencies to help manage the change the new system will introduce

Name	Title
Michael B. Dennin (Chair)	Vice Provost and Dean, Division of Undergraduate Education and Vice Provost of Teaching and Learning
Elizabeth Bennett	University Registrar
Ryan Cherland	Assistant Vice Chancellor, Institutional Research & Development
William Cohen	Director, School of Information and Computer Sciences
Cameron Cosgrove	SIS Project Director
Donald Dabdub	Associate Dean, Division of Undergraduate Education
Edgar Dormitorio	Assistant Vice Chancellor, Student Affairs
Patty Furukawa	Assistant Dean, Information Technology Services, School of Law
Constance Malone	Director, Housing Administrative Services
Raju Metherate	Associate Dean of Undergraduate Education, Biological Sciences
Patricia Morales	Associate Vice Chancellor, Enrollment Management
Helen Morgan	Director, Undergraduate Student Affairs, Social Sciences
Penny Portillo	Assistant Dean, School of Humanities
Ruth Quinnan	Director, Admissions & Academic Affairs, Graduate Division
Arvind Rajaraman	Professor, Physics and Astronomy (Senate Rep)
Hugh Roberts	Associate Professor, English (Senate Rep)
Dana Roode	Chief Information Officer and Associate Vice Chancellor, Information Technology
Sherwynn Umali	Assistant Dean, Student Life & Leadership
Don Williams	Director, Student Affairs, Physical Sciences
Fadi Kurdahi	Associate Dean for Graduate and Professional Studies
Heidi Bhise	SIS Training Lead
Allison Tong	SIS Communications Lead

Banner Customizations

- Customization to provide the ability to toggle on/off pre-requisite, co-requisite checking by course section level was in doubt; this has been resolved and this feature will be present in the new system.
- Waitlist priorities & automatically enroll students from the waitlist customization:
 - Baseline Functionality: Class waitlist priorities (e.g. Seniors, Majors) can be set at section level. Student is notified via email of opportunity to enroll in a waitlisted class and has N hours to do so. N is a configuration setting that needs to be determined. Banner does not restrict waitlist based on max units.
 - Requested change to baseline: Establish different waitlist priorities at the section level limit by max unit; have Banner automatically enroll “highest priority” students off the waitlist when a seat becomes available and send notice to the student
