Programs with suspended admissions through 2018-19 (replaced by new Community and Population Health MS and DNP programs). The School plans to request formal disestablishment.

### Inactive Programs

1. DASA: No students have been enrolled in the Social Ecology DASA program since 2001, and the Graduate Council approved catalogue changes in 2015 to remove reference to this program, but it has not been formally disestablished. The School plans to request formal disestablishment.
2. Social Networks: The School plans to formally disestablish the Social Networks program.

Disestablishment approved December 2014; requested deactivation of major code.
